Why A&K?

Abercrombie & Kent's company-wide values make us special:

Global Corporate Indemnity Insurance – providing you with unsurpassed peace of mind for wherever you travel within our network.

Quality Control teams – each and every office of ours has a team assigned to making sure our suppliers always deliver as promised. Headed up centrally in London, you can be confident that we work together with international oversight.

Guides – we use only the best guides in the world, who undergo strict qualification processes. They know our destinations inside and out, and serve as much as travelling companions as experts in their field.

Philanthropy – Since 1982 we have been globally committed to respecting the natural environment and giving back to the local people whose destinations we host clients in. Internally and through the generosity of our guests we support over 37 different hand-picked projects worldwide.

24 hour emergency contact – no matter what time of day or whatever the query, our local operations teams are always on standby to be of assistance, providing flexible measures if any plans change.

Health and safety – we have stringent criteria that all our suppliers must meet, along with a whole host of safety initiatives tailored to each destination - from first aid training to localised emergency procedure plans.

Our relationships with suppliers are second to none. It's these personal, long-standing local connections that make sure we offer the best product to our clients. Whether it's the most sought-after table in a restaurant or preferential upgrades where available at hotels, we hold the key to all your customer's needs.

Our ability to tailor-make. We handle every request according to individual needs, so you know we're always thinking about how our agent partners can offer the finest combinations each and every time.

VIP services and 'insider access' – unique and exclusive moments from our wealth of interesting connections, means we can bring our guests closer to the real people, the culture and their customs. From meetings with renowned archaeologists to tea with a local market-seller's family, we can make it happen.
